

User Credentials for Student Printing, Scanning and Photocopying

What username and password should I use when making use of the Printing, Scanning and Photocopy services in the Library?

You should use your network credentials in order to print, which is the same username and password that you use to login to the uKwazi and iKamva platforms.

New Students

1st time and **First Year** UWC students, including students who have been assigned new student numbers when registering for the 2021 academic year.

- **Username:** student number e.g. 4112117
- **Password** (Should contain the prefix !St followed by your ID, or passport number if you're an international student)

Username: 4112117

Password: !St0201010062087

Returning Students

- **Username:** student number e.g. 4112117
- **Password** (ID number or passport number for international students)

What should I do if my password doesn't work?

Reset your password at the following website, <https://mypassword.uwc.ac.za>.

Please Note: When you reset your password, your password for the following accounts; uKwazi, iKamva, EZProxy, VPN and Wifi will also change.
